## The Offer IT Managers Love

Get enterprise-grade data protection without complexity. AvePoint Cloud Backup deploys in minutes and keeps your Microsoft 365 environment—Exchange, Teams, SharePoint, and OneDrive—fully backed up, monitored, and recoverable. Pair it with our Microsoft licensing for one seamless solution that protects productivity and compliance.

## AvePoint vs. Native Microsoft Backup: Why Better?

AvePoint delivers unlimited, automated backup and granular recovery far beyond Microsoft's built-in retention limits.

Feature	Native M365 Tools	AvePoint + M365
Backup Frequency	Limited, partial	Up to 4x daily full backups
Restore Capabilities	Basic, time-bound	Granular (files, chats, sites, mail)
Retention	Up to 30–90 days	Unlimited configurable retention
Storage Location	Microsoft Cloud only	Choose Azure, AWS, or your own
Monitoring	Manual	Automated alerts & reports

## Proven in Microsoft Environments

AvePoint is a Microsoft Gold Partner trusted by Fortune 500 enterprises.

Works tandem with Defender and Entra ID to secure and recover data seamlessly.
